The numbers that matter most are the ones nobody shares. This course reveals them.

Using Carta's proprietary data on 40,000+ startups, we'll take a data-driven tour through the startup lifecycle —from co-founder equity splits to IPO—exposing the benchmarks founders won't share and the math investors won't explain.

04 SERIES B & SCALING PRODUCT-MARKET-FIT

Series B separates companies that found product-market fit from those that faked it — and it is when down rounds, refreshers, and secondaries enter the conversation

01 Growth vs. efficiency: what Series B investors prioritize now vs. 2021

02 Down rounds and flat rounds: mechanics and signaling effects

03 Employee equity refreshers: when and how much

04 Secondary sales: when they start, who can sell, and at what price
